Mr. Rodgers,

I want to take a moment to thank you and your staff for the assistance they provided to us during our PLEAC accreditation. I don't mind telling you that I was extremely nervous about taking on such an endeavor in January 2017. Once we started working with your staff, we quickly realized that we were in good hands with your organization. As you can well imagine, we had many questions and concerns throughout the process. We found staff were always available when called upon. I also would like to compliment your policy writers. As a result of their work, we now have updated policy manual that meets PLEAC standards.

I also would like to compliment Dennis Sims for helping us through the entire process. My accreditation manager, Sergeant Matthew Deceder, found Dennis to be a valuable resource throughout the entire process. Dennis was committed to this project from start to finish. There is no question in my mind that we could not have accomplished our task had it not been for Dennis Sims. He is a true law enforcement professional and a credit to your organization.

Please send my sincere thanks to everyone that assisted our agency with this project. I would not hesitate to recommend your organization to any other agency in Pennsylvania considering accreditation.

Sincerely,
